

INDUSTRY CONFERENCE & EXHIBITION 2018

BECOME A PART OF THE 5G FUTURE!

NGMN is thrilled to announce the 7th NGMN Industry Conference & Exhibition that will bring together executives, influencers, industry transformers and tech stars from across the globe, providing attendees with a fresh perspective on the future of mobile broadband.

Hear viewpoints, insights and the latest outlooks from leading industry players and thought leaders, including:

Darren Entwistle, CEO at TELUS

Stephen Howe, CTO at Bell Mobility

Karri Kuoppamaki, VP Technology Development and Strategy at T-Mobile US

Emmanuel Lugagne-Delpon, SVP at Orange Labs Networks

Luke Ibbetson, Head of R&D Technology at Vodafone

Huang Yuhong, Deputy GM at China Mobile Research Institute

Mikio Iwamura, Executive Research Engineer at NTT DOCOMO

6 - 8 NOVEMBER 2018

JW Marriott Parq, Vancouver, Canada

The latest updates from NGMN will also make their international debut, following months of work on key 5G project areas.

The event will provide a unique networking platform in an outstanding conference and exhibition environment, bringing together key players from the entire mobile ecosystem. The exhibition will showcase world premier demonstrations of 5G systems and solutions from international NGMN partners.

REGISTER TODAY!

There's no better time to secure your pass for the biggest 5G event of the year. Receive FULL ACCESS to the event, including the conference, exhibition and networking sessions.
